1. Addendum No. Three (3)

Responses to Questions

1. Would the University be open to commissioning one of the first mass timber art museums on a college campus?

   It will be up to the Design Professional to make the case for specific design and construction strategies during design. The current selection process is qualifications based only.

2. It is stated in the RFQ that an SOQ should be delivered electronically to the University and addressed accordingly, and then upload a digital copy to the PDC Dropsite. Are you requesting two submissions such as a flash drive mailed to the specified address and another uploaded to the PDC Dropsite? Or is the PDC Dropsite digital copy all that is required?

   Successfully uploading your documents to the PDC Dropsite before the deadline is all that is required.
